6.6 – PUBLISHING

1. Prepare Your Dashboard or Story

Ensure your dashboard or story is complete and working as expected.

Clean up any unnecessary sheets or data to reduce file size.

2. Sign in to Tableau Public

In Tableau Desktop, go to File > Save to Tableau Public.

If you're not already signed in, a login window will appear.

Enter your Tableau Public credentials or sign up if you don't have an account.

The image shows the Tableau Public login interface. At the top, there is a faint background graphic of a wireframe cube with a stylized 'T' inside. Below this, the 'tableau+public' logo is displayed. The login form consists of two input fields: 'Email' and 'Password'. Below these fields is an orange 'Sign In' button. Under the button, there is a small lock icon and the text 'This site is SSL encrypted'. At the bottom of the form, there are two links: 'Forgot your password?' and 'Don't have a profile yet? Create one now for free'.
